Bank Statement Reconciliation Form

Each month the checkbook balance as shown on the Check Register Form should be reconciled with the bank statement received from the bank. The following format may be used:

Checking account reconciliation for the month ending *(located top of statement)* ..... April 8, 2015

a. **Bank statement balance**..... 904.00
(Ending Balance from your current bank statement)

b. **Deposits "In Transit"** 1971.87
(Total of all deposits made which have not yet cleared the bank – that is, deposits made by the treasurer that do not show up in the bank statement. A checkmark should be made on the Check Register Form next to deposits that have cleared the bank to aid in location these each month.)
750.49
1221.38

c. **Add the answers to steps A and B above** 2875.87

d. **Checks "Outstanding" Total** 1461.27
(Total of all checks written that have not yet cleared the bank. These will be the checks in the Check Register Form that do not appear on the bank statement. Place a checkmark by checks that clears this month, as in step B above.)

NOTE: Use space to right to list individual check numbers and amounts. Show total in space D

25 –
50.06
600 –
34.18
20 –
50 –
47.82
600 –
34.21

e. **Ending Balance**..... 1414.60
(Subtract D from C above. This should equal the balance in your Register as of the date listed above.)

f. **Register Ending Balance**..... 1414.60

g. **Monthly Difference**..... 0
(Subtract F from E above. This should equal zero. If it is positive, then our register is showing *more* than the bank. If it is negative, then our register is showing *less* than the bank.)

If those figures don't zero out exactly, one of the following mistakes may have occurred:

1. A mathematical error somewhere in the Check Register Form.
2. A mistake in entering (or failure to enter) a check or deposit in your Check Register Form.
3. A math error in steps A through E above.
4. Entering the wrong figure in step A above.
5. Failure to subtract service charges or add interest in your Check Register Form.
6. If the G is evenly divisible by 9, then there is a transposition somewhere.

Group Conscience & NA Literature

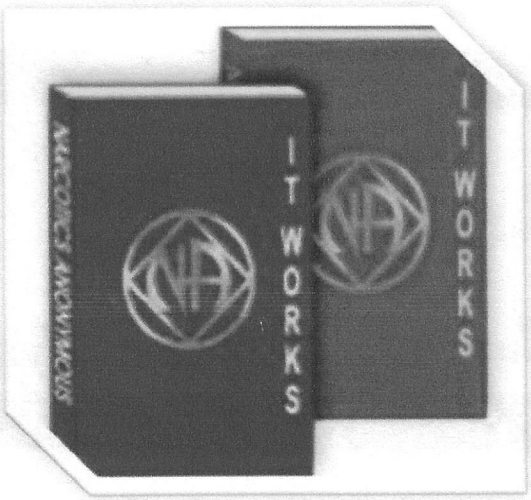
World Board — April 2015

In 1991 the World Service Conference passed two motions—one to reaffirm that the WSO holds ownership of NA's intellectual property in trust for the Fellowship of NA, and another to reaffirm that the WSO is exclusive publisher and distributor of all NA literature.

At the time, WSO's intellectual property attorney explained to the Conference:

> "This needs to be done for the benefit of those people who do not have the time, energy, or the interest to look back at what really happened and would rather argue that the past consists of what they believe should have happened."

And here we are again—increasing numbers of our members are illegally copying and distributing NA literature around the world, sowing seeds of confusion and disunity, including places where NA is in early stages. In particular, people are publishing a booklet that contains the Third Edition Revised Basic Text with the Second Edition versions of the Fourth and Ninth Traditions, a booklet that was compiled by a few individuals and has **never been Fellowship-approved**. It is bad enough that we have had this ongoing struggle within NA; now it has become a public problem because these texts are being distributed in institutions.



The roots of this conflict go back more than 30 years. The history of the Basic Text is a story that gets told many ways, with different heroes and villains depending on who is doing the telling.

There are some things, however, that are not open to interpretation:

1. **It goes against group conscience.** The fellowship has decided on these issues repeatedly,
   - beginning in 1984 when the fellowship voted to return to the First Edition language for the Fourth and Ninth Traditions,
   - and again in 1988 when the conference rejected the idea of extensive changes to the text beyond fixing the errors in the Fourth Editions,
   - and again in 1991 when the conference voted against reconsidering which edition of the book should be published,
   - and again in 1993 when the fellowship approved the *Fellowship Intellectual Property Trust*,
   - and again as recently as 2004 when a *CAR* motion was passed authorizing revisions to the Basic Text but specifying no changes be made to chapters one through ten of the text. That 2004 motion resulted in the Sixth Edition Basic Text, which was approved **unanimously** in 2008.
2. **It's illegal.** The unauthorized reproduction of NA literature is a violation of copyright law. NA groups can copy and distribute NA literature for use within their groups, but that right does not extend outside the group or to individuals and service bodies.
